

“BELT AND ROAD” TRAINING COURSE ON PREVENTION AND CONTROL OF MOSQUITO-BORNE INFECTIOUS DISEASES IN ASEAN COUNTRIES & WORKSHOP ON SCOPING REVIEW COMPETENCE BUILDING FOR YOUNG SCIENTISTS

In order to actively respond to the "Belt and Road" initiative and strengthen exchanges and cooperation among Belt and Road countries in the field of infectious disease prevention and control, the Chinese Preventive Medicine Association, the School of Global Health, Chinese Center for Tropical Diseases Research, Shanghai Jiao Tong University School of Medicine, and the National Institute of Parasitic Diseases, Chinese Center for Disease Control and Prevention (Chinese Center for Tropical Diseases Research) will jointly hold the “Belt and Road” Training Course on prevention and control of Mosquito-borne infectious Diseases in ASEAN Countries & Workshop on Scoping Review Competence Building for Young Scientists on September 18-22, 2023 in Shanghai, China.

The experts from World Health Organization and prestigious universities and institutions will systematically introduce the detection and identification techniques, prevention and control measures and intervention techniques of mosquito-borne infectious diseases, and the approaches to scoping review.

Date and Way of Participation

Date: 18-22 September 2023 (Beijing Time; UTC+8);

Method: Online (Zoom Webinar)

Registration URL: <https://zoom.us/meeting/register/tJUqdO2qrj0uEtTjbfjaMtLQN8fRZKQadqBf>

AGENDA

Time: September 18-22, 2023 (Monday to Friday)

Location: Shanghai, Zoom Meeting

Date	Time	Content
September 18th	9:00-9:20	Opening Remarks Quanle Li, deputy secretary-general of the Chinese Preventive Medicine Association Xiaonong Zhou, School of Global Health, Chinese Center for Tropical Diseases Research, Shanghai Jiao Tong University School of Medicine) Kazim Hizbullah SANIKULLAH, WHO WPRO
	9:20-10:00	Strategies and effectiveness of prevention and control of tropical diseases in China (Xiaonong Zhou, Vice Dean of SGH)
	10:00-10:30	Innovation-driven Malaria Elimination (Ning Xiao, PhD, Former deputy director of National Institute of Parasitic Diseases, Chinese Center for Disease Control and Prevention)
	10:30-11:00	WHO Western Pacific Action Plan and Progress on Tropical Diseases (Kazim Hizbullah SANIKULLAH, Medical Advisor, WHO Western Pacific Region)
	11:00-11:30	Model framework development for tropical disease transmission prevention tools and product portfolios analysis (Guojing Yang, Professor, Hainan Medical University)
	Lunch	
	14:00-14:30	Impacts of climate change on dengue transmission (Qiyong Liu, Professor, National Institute for Infectious Disease Control and Prevention, Chinese Center for Disease Control and Prevention)
	14:30-15:00	Systematic surveillance of Japanese encephalitis virus disease (Qian Han, Professor, Hainan University)
	15:00-15:30	Global Action Plan to Control Mosquito-borne Infectious Diseases (Raman VELAYUDHAN, Coordinator, Neglected Tropical Diseases, World Health Organization)
	15:30-16:00	Vectorial Capacity and Malaria Control (Zhigui Xia, Professor, National Institute of Parasitic Diseases, Chinese Center for Disease Control and Prevention)
16:00-16:30	Strategy for prevention and control of mosquito-borne tropical diseases (Florence FOUQUE, TDR expert, World Health Organization)	
16:30-17:30	Panel discussion: Challenges and opportunities for mosquito-borne infectious diseases control in ASEAN countries	
Dinner		

“BELT AND ROAD” TRAINING COURSE ON PREVENTION AND CONTROL OF MOSQUITO-BORNE INFECTIOUS DISEASES IN ASEAN COUNTRIES & WORKSHOP ON SCOPING REVIEW COMPETENCE BUILDING FOR YOUNG SCIENTISTS

In order to actively respond to the "Belt and Road" initiative and strengthen exchanges and cooperation among Belt and Road countries in the field of infectious disease prevention and control, the Chinese Preventive Medicine Association, the School of Global Health, Chinese Center for Tropical Diseases Research, Shanghai Jiao Tong University School of Medicine, and the National Institute of Parasitic Diseases, Chinese Center for Disease Control and Prevention (Chinese Center for Tropical Diseases Research) will jointly hold the “Belt and Road” Training Course on prevention and control of Mosquito-borne infectious Diseases in ASEAN Countries & Workshop on Scoping Review Competence Building for Young Scientists on September 18-22, 2023 in Shanghai, China.

AGENDA

Time: September 18-22, 2023 (Monday to Friday)

Location: Shanghai, Zoom Meeting

Date	Time	Content
September 19th	09:00-10:00	Detection techniques for dengue pathogens (Xiaohong Zhou, Professor, Institute of Tropical Medicine, Southern Medical University)
	10:00-10:30	A Versatile Microfluidic-based Platform for Malaria Infections Screening and Plasmodium Species Genotyping (Leshan Xiu, Assistant Professor, SGH)
	10:30-11:30	Detection techniques for pathogens in mosquitoes (Xinyu Feng, Associate Researcher, SGH)
	Lunch	
	14:00-15:00	Malaria Situation in Cambodia Chea Huch, Deputy Director, National Centre for Parasitology, Entomology, and Malaria Control, Cambodia
	15:00-16:00	Status of dengue fever prevention and control in Myanmar (Yemin Htwe, Researcher at Ministry of Health, Myanmar)
	16:00-17:30	Group discussion: New needs for prevention and control of mosquito-borne tropical diseases
Dinner

AGENDA

Time: September 18-22, 2023 (Monday to Friday)

Location: Shanghai, Zoom Meeting

Date	Time	Content
September 20th	09:00-10:00	Mosquito-borne disease prevention and control for global health: the malaria case (Kokouvi Kassegne, Assistant Professor, SGH)
	10:00-11:00	Diagnostic technology for vector-borne tropical diseases(Ivo Mueller, Professor, University of Melbourne)
	11:00-12:00	Group discussion: Application and evaluation of mosquito detection and identification in Southeast Asia
	Lunch	
	14:00-14:30	Lecture 1: Introduction to different types of reviews in life science and social science (Sarah Louart, University of Lille)
	14:30-15:00	Lecture 2: Requirement for basic research on infectious disease of poverty (Jipeng Wang, Fudan University)
	15:00-15:30	Lecture 3: Toward modern scientist a guideline for the collection, collation, and analysis of open research data (Zhaoyu Guo, National Institute of Parasitic Diseases at China CDC)
	15:30-15:45	Break
	15:45-16:15	Lecture 4: Standardization of Scoping Review in the form of exploratory review (Sarah Louart, University of Lille)
	16:15-17:00	Discussion 1: Participants’ review experience and the topic of Scoping Review proposal in this workshop (Sarah Louart, University of Lille)
18:00-19:00	Supper	
19:00-21:00	Exercise 1: Revision of individual paper

AGENDA

Time: September 18-22, 2023 (Monday to Friday)

Location: Shanghai, Zoom Meeting

Date	Time	Content
September 21st	8:30-9:00	Lecture 5: Introduction to stage 1 (Determining the research question) (Sarah Louart, University of Lille)
	9:00-10:00	Exercise 2: Stage 1 of Scoping Review (Pin Yang, National Institute of Parasitic Diseases at China CDC)
	10:00-10:15	Break
	10:15-10:45	Lecture 6: Introduction to stage 2 of Scoping Reviews (Identification of relevant studies)(Sarah Louart, University of Lille)
	10:45-12:00	Exercise 3: Stage 2 of Scoping Review (Jin Chen, National Institute of Parasitic Diseases at China CDC)
	12:00-13:30	Lunch
	13:30-14:00	Lecture 7: Requirement for observational studies on infectious disease of poverty (Jin-Xin Zheng, Shanghai Jiao Tong University)
	14:00-14:30	Lecture 8: Requirement for epidemiology modelling studies (Jia Rui, Xiamen University)
	14:30-15:00	Discussion and Comment (Shun-Xian Zhang, Jia Rui)
	15:00-15:15	Break
	15:15-15:45	Lecture 9: Introduction to Stage 3 of Scoping Review (Study selection) (Sarah Louart, University of Lille)
	15:45-16:55	Exercise 4: Stage 3 of Scoping Review (Jin Chen, National Institute of Parasitic Diseases at China CDC)
	16:55-18:00	Discussion 2 on the draft proposal written by participants (Sarah Louart, University of Lille)
	18:00-19:00	Supper
	19:00-21:00	Exercise 5: Revision of individual paper

AGENDA

Time: September 18-22, 2023 (Monday to Friday)

Location: Shanghai, Zoom Meeting

Date	Time	Content
September 22nd	8:30-9:30	Lecture 10: Introduction to approaches to systematic review (Guojing Yang, Hainan Medical University)
	9:30-9:55	Lecture 11: Requirement for submissions to the Infectious Diseases of Poverty (Pin Yang, National Institute of Parasitic Diseases at China CDC)
	9:55-10:15	Lecture 12: Reporting method of Scoping Review (Jin Chen, National Institute of Parasitic Diseases at China CDC)
	10:15-10:30	Break
	10:30-11:00	Exercise 3: Stage 2 of Scoping Review (Jin Chen, National Institute of Parasitic Diseases at China CDC)
	11:00-12:00	Exercise 3: Stage 2 of Scoping Review (Jin Chen, National Institute of Parasitic Diseases at China CDC)
	12:00-13:30	Lunch
	13:30-14:00	Lecture 14: Introduction to Stage 5 and 6 of Scoping Review (Collating, summarizing, and reporting the results; consulting) (Sarah Louart, University of Lille)
	14:30-15:30	Exercise 7: Stage 5 and 6 of Scoping Review(Sarah Louart, University of Lille)
	15:30-15:45	Break
	15:45-17:15	Comment on presentations from participants (EiC, IDP)
	17:15-17:30	Deliver certificates(Prof. Shi-Zhu Li, National Institute of Parasitic Diseases at China CDC; Prof. Hui-Feng Sheng, National Institute of Parasitic Diseases at China CDC)
17:30-18:00	Closing ceremony
